

La Crosse District Nurses Association Update on Falls Prevention

Practice at the point of care: CMS reimbursement affecting nurse practice

Centers for Medicare and Medicaid (CMS)

April 21, Tuesday 7pm-8pm
Food Coop in the Community Room Upstairs
315 5th Avenue S La Crosse

*Starting November 1, 2008, Medicare and Medicaid will not pay for the treatment of preventable pressure ulcers and nosocomial infection.
How will the practicing nurse need to change?
What are the ramifications for our worksites?
Most of the preventable complications are related to nursing care. We can use these concerns about the change in reimbursement to leverage for better care.*

Ruth Berns CNS RN
Franciscan Skemp

Kathy Koehne RN
Gundersen Lutheran
